SPRING 1935

Catalogue of Fruits, Shrubs, Roses, Evergreens Etc.

of

GREEN'S NURSERY COMPANY Rochester, N. Y.

THE E. H. BURSON NURSERY Successor

[LETTERS, etc., addressed to us at THE NURSERY
OFFICE, CLIFTON, N. Y., will have quicker atten-
tion than if addressed to Rochester.]

Mr. Burson who succeeds to the business of Green's Nursery Co. is well known to thousands of Green's patrons and has been with the company for 50 years as Superintendent and sometimes as Director and Secretary. Patrons are assured that any order small or large will have the painstaking attention that has always been the policy of Green's Nursery Co.

ing.

THE WONDERFUL AMERICAN PILLAR ROSE

We consider this rose the Peer of Climbers. We feel sure that few of our thousands of patrons are acquainted with its merits (see page 18 for description). Note—one strong 2 yr. plant of this beautiful rose is offered free with all paid orders amounting to \$3.00 or more, if asked for, and is offered in the special low priced collection as listed on page 24. If we could have only one rose, it would be the American Pillar.

A LITTLE BIT OF HISTORY

CHARLES A. GREEN
Founder

In the spring of 1884, E. H. Burson, then a young man of 21 years applied to Chas. A. Green, founder of Green's Nursery Company, at his little home office at Clifton for a position. He was given a chance to see what he could do, and on April 1st of that year commenced work at \$18.00 per month to board in the house. At this time, Mr. Green was writing that book which has had a nation-wide circulation, and is being called for even to-day, "How to Propagate and Grow Fruits" which later was revised and a new title given "How We

Made the Old Farm Pay." At that time also, "Green's Fruit Grower," then a quarterly was being published,—later it was made a monthly and had about 125,000 subscribers.

It is now 1935—this boy now a man has spent 51 years amongst fruit and flowers,—first a general workman, after, two years as Superintendent of the Packing House, and for over 40 years as General Superintendent of the Nurseries. When Green's Nursery Company was incorporated he invested his savings in the Company, securing a number of the shares and later on was a majority Stockholder, also a member of the Board of Directors, and Secretary. He it is who now succeeds to Green's Nursery Company business, and, if experience, the desire to serve all new and old patrons counts, then you have the assurance that the enviable reputation of Green's Nursery Company will be upheld in the fullest extent. I am

E. H. BURSON

Yours Faithfully,

E. H. BURSON, President

STATE OF NEW YORK—No. 4085

Department of Agriculture and Markets

C. H. Baldwin, Commissioner

Certificate of Inspection of Nursery Stock

This is to Certify that the nursery stock of The **E. H. BURSON NURSERIES** of CLIFTON, County of Monroe, State of New York, has been duly examined in compliance with the Agriculture and Markets Law and has been found to be apparently free from all injurious insects and plant diseases.

This certificate is valid until Oct. 1, 1935.

Dated, Albany, N. Y., Aug. 22, 1934.

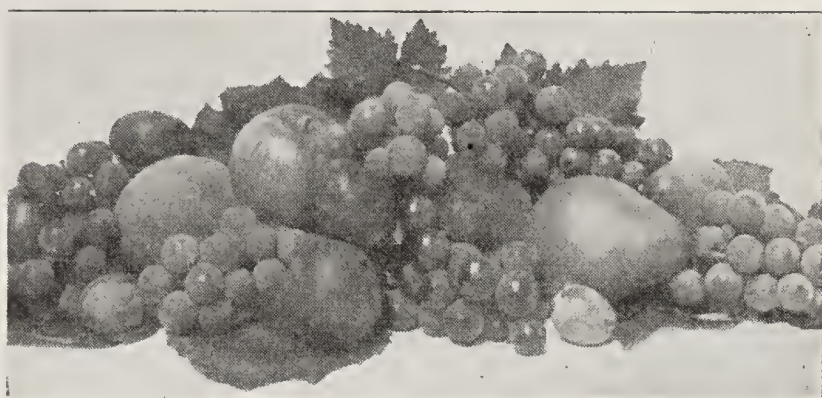

C. H. BALDWIN, Commissioner

B. D. VAN BUREN,

Director Bureau Plant Industry.

He Was a Pioneer

Charles A. Green was the first nurseryman to sell direct to the planter on the cash with order basis. This method makes it possible for the HOME OWNER or ORCHARDIST to purchase direct from Green's the highest quality nursery stock at the lowest possible cost. It eliminates agents' commissions of thirty to forty per cent, the cost of carrying open accounts, making collections, and other unnecessary expenses that the purchaser has to pay in the end.

Green-Grown Products have made the old farm pay, established profitable orchards, have beautified and increased the value of large estates, city and rural homes. Green's method of selling direct to the planter has saved hundreds of thousands of people millions of dollars.

When you purchase from Green's you get hardy, northern grown stock, with fine tops and strong root systems, that please the most particular customers. Our success for 56 years, assures our reliability.

The Value of Planting Green's Fruits and Flowers

For over fifty years hundreds of thousands of people have bought with confidence, varieties offered in Green's catalog, because of our steadfast policy of growing only the best varieties of the highest quality. We have kept faith with our customers by rigidly maintaining our policy of "What is not good for our customers is not good for us."

Sixty per cent of our new business comes to us unsolicited each year. This huge volume of good will business is sent to us by our customers who have recommended Green's Nursery Company to their friends and neighbors.

The assurance that any tree or plant you order will be labeled true to name, the quality of the Tree or Plant guaranteed and that your order whether small or large shall be received by you in good planting condition, is assured. Green's Nursery Co. has discharged otherwise good men when discovered substituting a tree or plant.

It is well known that there is a shortage in many of the good planting things at this time compared with the supply of a few years ago.

As the season advances it may be necessary to increase the prices of some scarce items.

Should you be planning to plant little or much—some of the good old well tried, well known fruits, shrubs, roses, shade trees, evergreens, etc., or some of the new varieties that have been proven good, you will find many of these listed.

Green's Money Saving Terms

Remittance must be sent with order. This method makes it possible for us to furnish the highest quality stock at the lowest possible prices. Your personal check, express or postal money order is the best form of remittance.

Dear Mr. Burson:

Our order of 1,000 Columbian Raspberry plants came in fine condition. Plants very stocky and nice and you sent us two Premiums. We thank you very much for same, also for care used in packing.

Yours truly
(Signed) Mrs. Jacob G. Hoffer,
_____, N. Y.

Green's Guarantee of Satisfaction

We guarantee all stock sold by us to be strong, vigorous and healthy, and to deliver them to you in good condition. If for any reason you are not absolutely satisfied with your stock when it is received, advise us at once and we will gladly replace any items or refund your money.

C. O. D. shipments will be made if desired, provided one-fourth cash is sent with order. Green's new low prices are F. O. B. Rochester, except where otherwise specified.

ORDER EARLY. We can serve best, customers who order early. The time of shipment may be left to us. Daily weather reports are received which enable us to ship orders to reach our customers at the very best time for planting in their localities. If you want your stock on a certain date, note it on your order sheet and we will ship to arrive as near that date as possible.

SMALL ORDERS. A handling charge of 50c is required on all orders of less than \$2.50 calling for Shade trees and big Evergreens as it costs about as much to pack a \$2.50 or less order of trees as it does a \$10.00 order. Our new low prices make this imperative and we ask our customers' cooperation. We can not accept orders for less than \$1.00 except they be parcel post orders. Parcel post orders of 25c are acceptable.

Free on Board Cars

No charge for packing boxes or bales or delivery to R. R. Note we send some stock by Parcel Post prepaid.

Prices Are Net

The prices in this catalogue are net. No discount. But we offer valuable gifts with certain orders (see front page and last pages) and we will be glad to quote price on special lists where greater numbers are desired than priced in catalogue, that is where prices are given for lots of 10 and you need 50 or more—or where prices are given for 100 and you need 300 or more. Ask for prices and we may surprise you.

THE PROBLEM SOLVED

In these days when general farming is a problem, when returns have not covered living and labor expenses in some instances, why not consider planting small fruits, such as currants, strawberries, raspberries, and blackberries. We have made more clear money from three or four acres of these than from fifty acres in hay and grain.

If you fear that you could not give reasonable attention to fruits, why not set out a few thousand Norway Spruce to grow into Christmas trees—we have planted and cut, or, dug many thousands, during the past 40 years, and never had any difficulty in disposing of what we desired to sell. We shall be lining out several thousand this coming spring, and can supply your needs if you plan to plant, at a low price per 1,000. (See page 13.)

Some of the Department Stores in cities have done quite a big business in disposing of Roses and Shrubs the last few years—sometimes these plants have proved satisfactory, considering the price paid, but often buyers have been disappointed, plants did not grow, and more often they did not prove true to label. One patron tells us he bought 15 roses and only 3 proved true to label. It would seem advisable to purchase No. 1 bushes of a reputable grower at a fair price, and avoid later disappointment.

RASPBERRIES

RELIABLE VARIETIES.—We have selected the 5 best varieties of raspberries for our customers and recommend that you plant these varieties, which, in our opinion, supersede all others in quality, flavor and productiveness. We will be glad, however, to furnish any of the leading varieties of raspberries at the same prices as offered by other reliable growers. Green's extra strong 1 year bushes are the same as those generally offered by nurserymen as No. 1 plants. Green's selected 2 year transplanted bushes are in a class by themselves.

How to Plant Raspberries

Plant raspberries 3 to 4 feet apart in rows which are 6 feet apart. The old wood should be cut out as soon as it has fruited, and with the red varieties, thin out the suckers each spring to 5 or 6 on each hill. Black and purple varieties should be pinched early when the canes are about 2 feet high. Nitrate of Soda will hurry up the growth of the plants, but rich barnyard manure applied annually or semi-annually will keep the plants in vigor.

Almost any well drained soil is suitable for Raspberries. Sandy loam or light clay is best, but any good corn or potato soil is satisfactory. Raspberries require plenty of moisture but will not do well on wet soils. Avoid setting new plantings near old Raspberry patches.

Charles A. Green was possibly the first raspberry enthusiast to advise the value of raspberries for home and commercial growing. The planting of this fruit has brought undeniable pleasure to the home owner and surprising profits to the commercial grower.

LATHAM (Red). The best big hardy red. Grown in 100 acre lots in the West and being planted for home and market everywhere. Price: *Heavy No. 1, 2 year, 6 for 50c; 12 for 85c; 50 to 100 at 6c each. 1 year strong, 6 for 40c; 12 for 65c; 100 for \$4.00; 1,000 for \$25.00.*

CHIEF (New). Earlier than Latham and of exceptional value for home and market on account of earliness. Price: *2 year, 6 for 50c; 12 for 95c; 50 to 100 at 7c each. 1 year strong, 6 for 40c; 12 for 65c; 50 to 100 at 4c each.*

COLUMBIAN. The well known purple variety. Twelve bushes will furnish luscious berries all the season for an average family. 100 or more will give a crop for local and distant markets. The 2 year plants will produce a good crop the coming summer. Amazing

RASPBERRIES (Continued)

Note the big healthy raspberry plants.

cash profits have been received by extensive planters. Price: *Heavy 2 year transplants*, 6 for 50c; 12 for \$1.00; 50 to 100 at 7c each. *Strong 1 year plants*, 6 for 40c; 12 for 75c; 50 to 100 at 4c each.

CUMBERLAND. A well known and largely planted blackcap. Good for the home and planted in acre lots by commercial growers. Price: *No. 1, 2 year transplants*, 6 for 50c; 12 for \$1.00; 50 to 100 at 7c each. *1 year strong*, 6 for 40c; 12 for 75c; 50 to 100 at 4c each.

NEW MARVEL (Blackcap). New. (Patent applied for, if not already secured.) Originated in Ohio and found to be a surprising cropper of showy berries of large size. We are so pleased with this variety that we have planted an acre for home and commercial cropping. Price: *1 year plants only* 6 for 35c; 12 for 60c, *postpaid*, \$4.00 per 100, *shipped by express at purchase price*. We want our friends to try this good new variety so are making low prices.

BLACKBERRIES

ELDORADO (Thimble Berry). An excellent variety bush grown, berries large, a heavy cropper. The only variety of blackberry we grow on our grounds for fruit. Price: *Strong plants* 6 for 40c; 12 for 75c, *postpaid*; 50 or more at 4c each for *express shipment*. (*Special prices on 1,000 lots.*)

GRAPES

Plant 6 to 8 feet apart in rows 8 feet apart. When planting, cut back leaving two or three buds only to each branch. Don't cut off roots but plant deep and spread.

CONCORD (Black). Leading commercial grape. Fine flavor. Planted more extensively than any other variety. Keeps well a long time after picking. Price: *2 year No. 1*, 20c each; 10 for \$1.75, *postpaid*; 50 or more at 10c each.

CACO (Red). New. Super size berries. Deliciously sweet. Highest quality of all. Ripens early in September. Price: *2 year No. 1 Vines*, 50c, *postpaid*; 3 for \$1.35.

MOORES EARLY (Blue). An extra good early variety for the home garden. Price: *2 year No. 1*, 30c each; 10 for \$2.50.

GRAPES (Continued)

NIAGARA (White). Leading commercial white grape. Productive. Large bunches. Good quality. Middle September. Price: *2 year No. 1, 30c each; 10 for \$2.50.*

WORDEN (Black). Seeding of Concord. Larger bunches. Better quality. Early September. Price: *2 year No. 1, 30c each; 10 for \$2.50.*

FREDONIA (New Black). A N. Y. State Experiment Station introduction. Large, black berries, ripening two weeks earlier than Worden. Productive. Excellent quality. Price: *2 year No. 1 Vines, 40c each; 3 for \$1.10, postpaid.*

PORTLAND (New White). Another N. Y. State Experiment Station introduction. Holds first place among early green varieties. Exceptionally large fruit and bunches. Good quality. Price: *2 year No. 1 Vines, 35c each; 3 for 90c, postpaid.*

CURRENTS

Plant bushes in row 3 feet apart, rows 6 feet apart, or in blocks 4 feet apart each way. We grow them for fruit extensively in our nurseries and have found that they are one of the most popular small fruits. Currants are always in demand on the market for making jellies, jams, preserves, tarts, etc. Every home garden should contain a dozen or two bushes.

RED CROSS. The most profitable large cherry red. We grow them by the acre for the fruit. Price: *25c each; 10 for \$2.25; 50 or more at 12c each, postpaid at each and 10 prices. Strong 2 year bushes.*

DIPLOMA. Fruit very large, light red, sweet and unusually juicy. The bushes are strong, vigorous growers and exceptionally productive. Price: *Strong 2 year bushes, 30c; 10 for \$2.75, postpaid; 50 or more at 20c each.*

WHITE GRAPE. This is the best of all white currants. It is an excellent dessert variety because of its mildly acid flavor and large, handsome clusters of golden green or white berries. It is very prolific. Price: *Strong 2 year bushes, 25c each; \$2.00 per 10; \$15.00 per 100.*

GOOSEBERRIES

Plant bushes 4 feet apart in blocks or 3 to 4 feet apart in rows. Thin out the weak shoots annually. A rather shady location where ground is in good heart and the moisture not taken up by roots of big trees is preferable to an open dry location. Good fruit is always in demand.

You can pay the expense of bringing your orchard into bearing by planting gooseberry bushes between the rows of trees. Or you can keep your family well supplied with fresh or preserved fruits by planting a few bushes in your garden.

GOOSEBERRY—Varieties

POORMAN. The new big red gooseberry. Introduced by the New York State Experiment Station. A variety that has been wanted by everyone. Price: *2 year strong, 35c each; 3 for 90c, postpaid; 50 or more at 20c each.*

DOWNING. The smallish green variety grown largely for the market. Price: *20c each; 10 for \$1.50, postpaid; 50 or more at 12c each.*

CHAUTAUQUA. The large yellow English variety. The best yellow for home and market. Price: *50c each; 3 for \$1.35. Prices all postpaid at each and 10 prices.*

We offer a limited assortment of 4 year old ready to bear fruit trees at \$2.00 each. Send for list.

GARDEN ROOTS

The home garden surely is incomplete without the peers of spring vegetables, Asparagus and Rhubarb. Then how handy it is to have one's own Horseradish and Sage.

ASPARAGUS. Washington rust proof. Price: *Extra heavy, 2 year plants, 12 for 25c postpaid; 50 to 100, 1½c each, not postpaid.*

RHUBARB. Strong. *20c each postpaid; 10 for \$1.50, not postpaid.*

SAGE (Holt's Mammoth). The leaves of this plant are used extensively for flavoring dressing and sauces. Price: *30c each; 3 for 75c;*

HORSERADISH SETS. Price: *10 for 50c; 50 or more at 2c each.*

STRAWBERRIES

WITHOUT A DOUBT there has been more clear money made from a planting of Strawberry plants than from any other fruit, all costs considered.

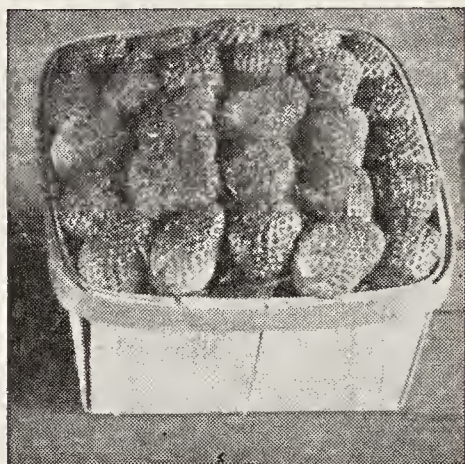

Enormous yields have been reported,—one planter says I have harvested 1050 quarts from a planting of 1000 Premier, another 2600 from a half an acre, another 2200 from 1500 plants, another over 5000 quarts from two-thirds of an acre.

Planting advice: For a garden patch the rows may be 3 ft. apart and the plants set 1 foot to 15 inches,—for a commercial field, planting rows 3½ ft. apart, plants 18 inches. If the matted or continuous row is desired. If grown in stools the plants 1 foot apart.

THERE ARE MANY VARIETIES. We offer a few of the best varieties that have been fully tested and rated by leading fruit growers as reliable and to be depended upon.

PREMIER EARLY. A standard of excellence with all growers, and the earliest worthwhile Strawberry of the older varieties. A great money-maker, for it yields its fruit crop at a time when Strawberries are in great demand and sell at fancy prices. Price: *12 for 25c, 50 for 40c, 100 for \$1.00 postpaid; 1,000 for \$7.00 f. o. b. cars.*

DORSETT EARLY. Berries are very firm; firmer than Premier, and are a beautiful light red in color. They hold this color well, and for this reason, together with their attractive shape and extra fine quality, will undoubtedly become the leading commercial variety. Commercial growers who have tested all kinds say that if they were limited to one variety, Dorsett would be their choice. Price: *12 for 50c, 50 for 85c, 100 for \$2.00 postpaid. 1,000 for \$10.00 f. o. b. cars.*

We have for sale *eight* well-bound volumes of "Green's Fruit Grower," one each of the years: 1903, 1904, 1912, 1913, 1914, 1915, 1916, 1917. Weight 3 lbs. each, price \$1.00 each postpaid. First come, first served.

Greens Nurseries was started by C. A. Green about 60 years ago.

STRAWBERRIES (Continued)

FAIRFAX EARLY—Berries are exceptionally firm. They are a bright red when picked at proper time. The berries are uniform in size and present very handsome appearance. Its fine appearance, exceptional firmness and high dessert quality are outstanding characteristics throughout the whole season. Price: *12 for 50c, 50 for 85c, 100 for \$2.00 postpaid, 1,000 for \$10.00 f. o. b. cars.*

DORSETT & FAIRFAX—Both Fairfax and Dorsett are seedlings of the Premier (Howard 17) and Royal Sovereign, an old English variety of high dessert quality. Fairfax has been grown since 1925, Dorsett since 1923. They were originated by Dr. George M. Darrow and his assistants in the U. S. Department of Agriculture and were selected from fields containing thousands of seedlings from scientific crosses, several hundred of which had the same parentage.

CORSICAN, Medium Early—The leading table variety, sweet, large size. Good for the home garden and for the commercial plot. Sells well on sight on account of size and fine appearance. This variety is known by some as the New York. Price: *12 for 35c, 50 for 75c, 100 for \$1.50 postpaid, 1,000 for \$8.00 f. o. b. cars.*

CHESAPEAKE, Late—This is the finest dessert berry of the late varieties and will keep better and sell at higher prices than any other late berry grown. The fruit is very large and handsome and will stay so until the end of the fruiting season. The berries are a rich, glossy red, with bright yellow seed, have a large green cap and are very uniform in size; have the most delicious flavor, very firm, and will ship better than any large late berry we have ever grown. Plant Chesapeake for your fancy late berry. Price: *12 for 25c, 50 for 40c, 100 for \$1.00 postpaid, 1,000 for \$7.00 f. o. b. cars.*

MASTODON EVERBEARING—The most extensively planted variety of Everbearing Strawberry plants at this time. Fruit is very large size, waxy appearance. Plants also very large and healthy. Foliage dark, glossy green, and produces fruit throughout the entire Summer and Fall months. Price: *12 for 50c, 50 for 85c, 100 for \$2.00 postpaid, 1,000 for \$10.00 f. o. b. cars.*

All varieties listed are perfect flowering and need no other variety to fertilize the blossoms.

500 plants of any variety at half the price of 1,000.

Note—The certificate as seen on page 2 (No. 4085) also covers plants and trees of the Greens Nursery Co. as we were notified that two certificates were not necessary. We also hold certificate for raspberry plants (No. 3079) which is necessary for shipments of raspberry plants into some states.

Dear Sir:

I want to tell you the results of the Roses sent me free. I am having wonderful luck with them, and am so happy I have to write immediately to tell you how pleased I am. I want to thank you and wish you the best of luck in your business. I will always recommend your shrubbery to all my friends.

Yours respectfully,
(Signed) Mrs. Herbert T. Newberry,
_____, Conn.

Mr. E. H. Burson,
Clifton, N. Y.

Dear Sir: I received one of your white Dorothy Rose Bushes this spring. It did splendid. It had seventeen blossoms on it this summer.

Yours truly
(Signed) Mrs. Theron E. Benson,
_____, N. Y.

THE BEAUTIFUL FLOWERING SHRUBS

All Blooming Size Ready for Immediate Effects

Truly, "It's not a home until it's planted," and shrubs play the most important part in landscaping the home grounds.

Green's shrubs have been very carefully selected and include the most beautiful and hardy varieties of new introductions and the lovely old ones we just can't do without. (*Shrubs not over 2½ to 3 feet high can be sent by parcel post, postpaid, for 5c per shrub extra.*)

ALMOND (Pink flowering). The well known much loved shrub. Beautiful double pink, rose-like flowers, early in spring before leaves appear. Price: 2½ to 3 feet, 50c each.

ALTHEA (Rose of Sharon). Beautiful double flowers from August until frost. Hardy, erect, compact. Grows 8 to 10 feet high. We offer only double-flowered sorts in Pink, Purple, Red, White, Rose with darker center. Order by color. Price: 2½ to 3 feet, 40c each.

BARBERRY (Red leaved). Foliage a reddish bronze in spring, turning to a brilliant red as the heat of summer intensifies its color. An exceedingly attractive shrub for mass plantings where contrasting colors are wanted. Price: 12-15 inch, 25c each; 3 for 65c; 10 for \$2.90. 1½ to 2 feet, 35c each; 3 for 90c; 10 for \$2.75.

BARBERRY (Dwarf). In big demand for hedges and for group planting. Covered with red berries in fall and winter. Foliage orange and scarlet in late fall. Price: 2 to 3 feet, 25c each; 10 for \$2.00; 50 to 100 at 15c each. 18 inches to 2 feet, 20c each; 10 for \$1.75; 50 to 100 at 12c each.

BUTTERFLY BUSH. A very attractive and unusual perennial shrub. Its lavender flowers are very sweet-scented 6 to 10 inches long, resembling lilacs. Blooms from July until frost. Price: *Strong 2 year plants*, 40c each.

DEUTZIA (Pride of Rochester). Double white. Price: 40c each.

DEUTZIA (Crenata Rosea). Pink flowers. Price: 40c each.

DEUTZIA (*Deutzia gracilis*). A dwarf, dense-growing shrub, with single, white, bell-shaped flowers in May. Excellent for shrub borders in front of taller kinds. Price: 1½ to 2 feet, 40c each.

Spiraea Thunbergii

DOGWOOD (Coral). Striking, bright coral red branches, very ornamental, especially for winter effects. Yellowish white flowers in spring, white berries in winter. Price: $2\frac{1}{2}$ to 3 feet, 40c each.

DOGWOOD (Goldtwig). A broad bush about 4 feet high, with strikingly conspicuous yellow bark. Very attractive. Price: $2\frac{1}{2}$ to 3 feet, 40c each.

FORSYTHIA (Golden Bell). This beautiful old favorite is loved by all. One of the first shrubs to bloom in the spring, with bright yellow, bell-shaped flowers in April before the leaves appear. Price: $2\frac{1}{2}$ to 3 feet, 40c each; $3\frac{1}{2}$ to 4 feet, 50c each.

RED HONEYSUCKLE (Lonicera Tartarica Rubra). The favorite, old-fashioned shrub, covered with pink flowers in spring, immediately followed by scarlet berries that last through the fall. Grows more rapidly than any other shrub. Fine for screening out undesirable views, reaching an ultimate height of 8 to 10 feet very rapidly. Price: $2\frac{1}{2}$ to 3 feet, 40c each; $3\frac{1}{2}$ to 4 feet, 50c each.

WHITE HONEYSUCKLE (Lonicera Tatarica Alba). Same as Pink Honeysuckle except its flowers are white. Combine both in your planting. Price: $2\frac{1}{2}$ to 3 feet, 40c each; $3\frac{1}{2}$ to 4 feet, 50c each.

HYDRANGEA ARBORESCENS (Hills of Snow). Magnificent clusters of snow-white flowers from July through September. Grows naturally into a round, compact bush 4 to 5 feet high. Makes a fine hedge and grows well in shady places. Price: $2\frac{1}{2}$ to 3 feet, 40c each.

HYDRANGEA PANICULATA GRANDIFLORA (Bush Form). Immense clusters of greenish-white flowers changing to white and later to delicate pink. Blooms in August and September. Price: 2 to 3 feet, 40c each.

JAPAN QUINCE. Another old favorite. Fine for specimen or border planting. Completely covered with dazzling scarlet flowers in May. Price: $2\frac{1}{2}$ to 3 feet, 50c each.

KERRIA (Double Flowering). Produces an abundance of double flowers, rich yellow resembling half-opened rose buds. Its branches are of beautiful pea-green color. Price: 50c each.

MOCK ORANGE (Philadelphus) or SYRINGA VIRGINAL. Exceeds all other Mock Orange in beauty and form; unusually large, double white flowers, often $1\frac{1}{2}$ inches across, in clusters of five to seven in a group. Aside from its beauty of flower, its rich perfume, rivaled only by that of orange blossoms, makes it worthy of a place on your grounds. Blooms

SHRUBS (Continued)

in June and continues over a long period. Price: $2\frac{1}{2}$ to 3 feet, 40c each.

GOLDEN (of Dwarfish Growth). Yellow foliage in summer, white flowers in May and June, very desirable. Good as a single bush or for grouping. Price: 40c each.

FRAGRANT MOCK ORANGE (*Philadelphus Coronarius*). A well-known shrub, with clusters of pure white, very fragrant flowers in June. A very attractive and graceful shrub. Price: $2\frac{1}{2}$ to 3 feet, 40c each.

SNOWBALL. A well-known, favorite shrub, with globular clusters of white flowers the latter part of May. Price: 40c each.

SNOWBERRY. A slender, medium-growing shrub, which does well in any soil and will flourish under trees and in dense shaded places where little else will grow. Clusters of attractive, milk-white berries which last until late in winter. Price: $2\frac{1}{2}$ to 3 feet, 40c each.

THE SPIRAEAS

SPIRAEA (Anthony Waterer Spiraea): A dwarf variety, growing 2 to 3 feet high, branches of which terminate with beautiful, deep rose flowers that are fine for bouquets. Very desirable for grouping with Golden Mock Orange beneath window or in front of taller growing shrubs. Price: $1\frac{1}{2}$ to 2 feet, 40c each.

GOLDEN SPIRAEA. A rapid-growing variety, with masses of snowy white flowers in June. Young foliage bright yellow, changing to golden brown in autumn. Very desirable for group plantings. Price: $3\frac{1}{2}$ to 4 feet, 50c each.

THUNBERG'S SPIRAEA. A graceful bush, whose thread-like branches bear innumerable small white flowers and tiny leaves. Foliage changes in autumn to bright red and orange. Price: $2\frac{1}{2}$ to 3 feet, 40c each.

VAN HOUTTE SPIRAEA. Better known and more largely planted than any other shrub. An extremely graceful shrub, with long, drooping branches completely covered with flat clusters of white flowers in May and June. When in blossom, a hedge of Spiraea Van Houtte is a sight long to be remembered. Price: *Special low price*— $2\frac{1}{2}$ to 3 feet, 30c; 10 for \$2.50; $3\frac{1}{2}$ to 4 feet, 40c each; 10 for \$3.50.

BRIDAL WREATH SPIRAEA. Flowers white and double like little roses, borne in great profusion the whole length of the branches; foliage, scarlet in autumn. Something different. Once seen growing everybody wants a bush. Price: $2\frac{1}{2}$ to 3 feet, 50c each.

WINGED BURNING BUSH (*Euonymus Alatus*). A beautiful shrub, with corky winged branches; a fine shrub for solitary plantings, as well as for massing, the rich red and crimson of its leaves being very showy, and red berries add to its attractiveness. If we could plant only one shrub it would be this rightly named (Winged Burning Bush). Price: $1\frac{1}{2}$ to 2 foot bushes, 50c each; 2 to 3 feet, 75c each.

PINK WEIGELA (*Weigela Rosea*). Deep pink flowers in great profusion in June. A universal favorite and a strong grower. Price: $2\frac{1}{2}$ to 3 feet, 40c each.

EVA RATHKE WEIGELA. A fine dark red variety of dwarf habit. Blooms profusely in June and intermittently all summer. Price: $2\frac{1}{2}$ to 3 feet, 50c each.

SPECIAL: All shrubs listed at 40c each; 10 for \$3.50.

French Lilac

LILACS

French Varieties (Double and Single Flowering)

BERRYER. Semi-double purple. Medium strong upright grower.

CHARLES JOLY. Double purplish red. Tall grower.

DOVEN KETEELEER. Double blue. Vigorous grower.

LE GAULOIS. Double red. Good medium strong growth; branches well.

MME. CASIMIR PERIER. Double white. Dwarf stocky growth.

MME. LEMOINE. Double white. Dwarf; branches well.

MARC MICHELI. Double blue. Vigorous upright grower.

MARIE LE GRAYE. Single white. Dwarf, low branched, stocky.

MICHEL BUCHNER. Double lavender.

PREST. GREVY. Double red. Good foliage.

WALDECK-ROUSSEAU. Double rose. Strong "rangy" grower. Rich dark foliage.

LILAC (Ludwig Spaeth). Large trusses of dark purplish blue, single flowers.

LILAC (President Grevy). Large, full clusters of double, pale wistaria violet flowers. Prices of all above French Lilac: *Heavy 2 to 3 feet, ready to bloom, 75c each; 3 for \$2.00.*

LILAC (Vulgaris). Common Purple Lilac. Probably the best known of any of the lilacs. Price: *2 to 3 feet, 40c each.*

Gentlemen:

The shipment of Lilacs and Japanese Crab arrived in very nice condition. They all looked like exceptionally good stock. Thank you so much for the Blue Lilac you sent free.

Yours truly,
(Signed) Sara L. G. Whitney,
_____, N. Y.

EVERGREENS

Evergreens are contributors of continuous beauty and because of this are essential in every plan of home planting. Green the year 'round, they are refreshingly cool in summer, and lend color and warmth to the bleak landscape in winter. The beautiful shape and deep color of these shrubs is a joyous sight in the winter months when all other growing things are stripped of their foliage. The specimens should be balled and burlapped when received from the grower and set carefully as received. Do not remove the burlap. The hole should

be thoroughly soaked, as well as the ball of earth, and the soil tamped very firm.

(Specific planting directions will be sent with all shipments.)

AMERICAN ARBOR VITAE. Good for specimens and hedges. Price: 18 to 24 inch, \$1.00 each; 2 to 3 feet, \$1.25 each.

GLOBE ARBOR VITAE. A splendid dwarf globe shaped. Price: 12 to 15 inch spread, 75c each; 18 to 24 inch, \$1.00 each.

PYRAMIDAL ARBOR VITAE. The Universal favorite spiral form growing evergreen for lawn and foundation planting. Price: 18 to 24 inch, \$1.00 each; 2 to 3 feet, \$1.50 each; 3 to 4 feet, \$2.00 each. Ask for prices if taller specimens are wanted.

JUNIPER (Pfitzers). Of dwarfish spreading form that is in big demand. Price: 15 to 18 inch spread, \$1.50; 18 to 24 inch, \$2.00 each.

PINE (Austrian). A universal favorite where eventually a large tree is wanted. Broadbased, heavily needled, massive; darkest and richest green of the Pines. Quite densely and evenly branched, well furnished with attractive tufts of foliage, the new growth erect and silvery like candles set along the twigs. Price: 18 to 24 inch, \$1.00 each.

PINE (Mugho Dwarf). Nothing better where an evergreen of dwarf habit of growth is wanted. Price: 12 to 15 inch spread, \$1.00 each; 18 to 24 inch, \$1.50 each; 2 to 3 feet, \$2.50 each.

We do not employ agents.

*Thousands, young and old, made a success
in life by planting Green's trees and plants.*

EVERGREENS (Continued)

SPRUCE (Colorado Blue Shiners). It is hard to grow enough of this premier of Evergreen. We have a good stock of true blues. Price: 18 to 24 inch, \$4.00 each; 2 to 3 feet, \$5.00 each; 3 to 4 feet, \$7.50. If taller trees wanted, ask for prices.

SPRUCE (Norway). Very hardy, a universal favorite for the home grounds, hedges, and for Christmas trees. Price: 18 to 24 inch, 60c each; 2 to 3 feet, \$1.00 each; 3 to 4 feet, \$1.50 each; 4 to 5 feet, \$3.00 each.

SPECIAL.—Norway Spruce for planting to grow into Christmas trees. 6 to 8 inch (such as we plant for this purpose.) Price: 100 for \$3.00, postpaid; 300 to 1,000 at 2c each by express at purchaser's expense.

Norway Spruce

CLIMBING VINES

AMPELOPSIS (Boston Ivy). Clings to walls without support. Leaves in rich colors in the Fall. Price: 40c each, 3 for \$1.15.

BITTER SWEET. Rich orange colored berries in the Fall. Price: 50c each, 3 for \$1.25.

CLEMATIS JACKMANNI. The large purple flowered variety so conspicuous and popular. Price: Strong 2 year vines, 75c each; 2 for \$1.40.

CLEMATIS PANICULATA. Rampant grower. White fragrant flowers in the Fall. Price: Strong 2 year vines, 35c each; 3 for \$1.00.

WISTARIA (Grafted). Purple flowers in June. Price: 2 year vines, 60c each; 2 for \$1.00. Many planters of this beautiful flowering vine have been disappointed on account of lack of bloom. Probably those planted were seedlings. Ours are grafted from flowering vines and can be depended upon to bloom freely. (Postpaid at prices shown.)

SILVER LACE VINE. One of the fastest growing vines offered; foliage perfectly clean, never bothered by insects or other pests. In Fall a sea of foam-like white flowers. Price: 50c each, postpaid.

DESIRABLE HEDGING PLANTS

Hedge plants may be set from 8 to 12 inches apart in single rows or in case a quicker denser growth is required in double rows the rows about 14 inches apart and the plants 12 inches. When planting double rows the smaller sizes may be used.

BARBERRY (Dwarf Thunbergi). A favorite wherever tall hedges not needed. Very hardy. Foliage turns to red and orange in late summer and branches are covered with red berries in late fall and winter. Note these are offered in several heights—all are No. 1 plants of their grades offered. Price: 12 to 15 inch, 10 for \$1.25; 50 or more at 8c each; 15 to 18 inch, 10 for \$1.50; 50 or more at 10c each; 18 to 24 inch, 10 for \$1.75; 50 or more at 12c each.

For specimen plants 2 to 3 feet see Flowering Shrub pages.

HEDGING PLANTS (Continued)

PRIVET (California). Well known, holds foliage until severe winter weather sets in. Price: 18 to 24 inch, 10 for 60c; 50 or more at 4c each; 2 to 3 feet, 10 for 75c; 50 or more at 5c each.

PRIVET (Amoor River). Hardy North. Hardier than California and being largely planted. Price: 18 to 24 inch, 10 for 75c; 50 or more at 7c each.

300 OR MORE of these as offered above at less price. Ask for special prices on your needs.

Bechtel's Double Flowering Crab

ORNAMENTAL AND SHADE TREES

When planting out trees or shrubs, dig your holes large enough to allow the entire root system to be placed in the hole without bending the roots. Square holes are better than round holes.

Be sure to pack the earth tightly about the roots and when the hole is half filled with earth, fill the remainder with water and allow it to settle before filling the remainder of the hole with earth. This will also help to settle the earth about the roots, which is vitally important to the success in transplanting good sized trees.

CATALPA (Umbrella Tree). Well known. Price: 6 feet, \$1.00 each; 2 for \$1.80.

BECHTELS CRAB. A delightful small pink flowering tree. Price: 4 to 5 feet, ready to bloom, 60c each.

MOUNTAIN ASH. White blossoms, red berries. Price: 6 to 8 feet, \$1.50 each.

MULBERRY (Teas Weeping). Price: 5 to 6 feet, \$1.25 each.

PRUNUS PISSARDI. Our favorite on account of its beautiful foliage. Ten of these trees could be bought at the price of one Japan Red Leaf Maple or Purple Beech and the foliage just as pleasing. Price: 4 to 5 feet, 60c each.

Norway Maple

PRUNUS TRILOBA. Early spring. Pink flowering. If once seen in bloom sure to be selected for the lawn. Price: 3 to 4 feet, 60c each.

THORN, PAUL'S SCARLET. Deep crimson flowering. The king of the flowering thorns. Price: 3 to 4 feet, \$1.25 each.

HYDRANGEA P. G. TREE. Late flowering white turning to pink. Price: 3 to 4 feet, 50c each.

AMERICAN ELM. Well known and desirable for home or street. Price: 6 to 8 feet, 75c each; 8 to 10 feet, \$1.25.

CORNUS FLORIDA RUBRA. Pink-flowering Dogwood. This is not a new or uncommon tree but one too often overlooked as a means for beautifying home-grounds. Dogwood blossoms are everywhere loved for their fresh beauty and welcomed as one of the earliest signs of Spring. Pink flowers in Spring and leaves turn to deep red in the Fall. Price: 2 to 3 ft. Trees \$1.00 each.

CHINESE ELM. A new variety being planted extensively for home grounds, streets, parks, etc. Highly recommended by the Dept. at Washington. We have an exceptionally nice block of this desirable variety and desire to clear the ground, hence prices are cut much below value for specimen trees. Price: 6 to 8 feet, 50c each; 8 to 10 feet, 75c each. Extra heavy, \$1.00 each.

NORWAY MAPLE. The favorite dooryard and street tree. Price: 8 to 10 feet, \$1.75 each.

SILVER MAPLE. Another well known favorite. Price: 6 to 8 feet, 75c each; 8 to 10 feet, \$1.00 each.

WILLOW (Babylon Weeping). A much wanted tree. Price: 6 feet, \$1.00 each.

Our prices for 5, 10 or more will be lower than prices for each. Ask for prices on number wanted.

ROSES

Queen of Flowers

The hybrid tea (everblooming) and H. Perpetual roses should be planted 2 to 2½ feet apart so that each

ROSES (Continued)

bush is afforded plenty of nourishment and cultivation made easy. They should be planted fairly deep in the ground so that the earth level is at least 2 inches above where the branches first start out from the main trunk of the root system.

Roses will generally grow better and produce more and better blooms in soil that is partly of a clayey nature that is made rich with manure.

We list here a limited list only that are recognized by rose lovers as desirable both as to blooms and growth, but can supply others and the newer varieties from the introducers at a pleasing price.

EVERBLOOMING VARIETIES

BETTY UPRICHARD. Salmon pink.

MRS. HENRY MORSE. Bright pink.

TALISMAN. Glowing golden yellow with copper red and orange rose.

GRUS AN TEPLITZ. Blackish maroon.

LOS ANGELES. Pale satiny pink, deep rose and gold.

MADAM BUTTERFLY. Bright light pink shaded with gold.

MADAM ED. HERRIOTT. Orange pink.

RADIANCE. Pink.

RED RADIANCE. Red.

SOUV. DE CLAUDIUS PERNET. The good yellow.

FRAU KARL DROUSKI H. P. (Snow Queen). White.
Price of above, No. 1 2 year, 60c each; 3 for \$1.60.

DWARF BABY ROSES

CRIMSON BABY. Crimson.

GOLDEN SALMON. Orange.
Price: 60c each; 10 for \$5.00.

CLIMBERS (Ramblers)

Climbing Roses require no pruning in the spring beyond the cutting out of very old or dead wood, and the shortening of the laterals and long canes to make the growth conform to the space to be covered; but a severe pruning in July, directly after they have finished flowering, is beneficial. Cutting away at that time all old flowering wood will encourage a vigorous growth, which will give an abundance of flowers the following season.

AMERICAN PILLAR. A beautiful single flowering brilliant pink with white eye. *Price: 2 year No. 1, 60c each.*

American Pillar is the outstanding Hybrid Wichuriana, being the most vigorous grower of the whole bunch, and blooming profusely apparently under all conditions. So far as we have seen them, the individual flowers are larger than any in this group, and they come in tremendous clusters. With its crimson petals, white centers and golden-yellow stamens, it is beautiful beyond comparison, and grows steadily in popular favor.

CRIMSON RAMBLER (Double Flowers). Scarlet crimson. *Price: 40c.*

PAUL'S SCARLET (Double Flowers). A striking, vivid scarlet. *Price: 50c.*

ROSES—(Continued)

DOROTHY PERKINS (Double Flowers). Pink. Price: 40c.

PRIMROSE (Double Flowers). Yellow—a genuine yellow. Price: 50c.

TAUSCENDSHON (Double Flowers). (Thousand Beauties). Creamy white to soft pink. A great favorite. Many of our friends consider this variety the best of the really good climbers, blooms are very double. Price: 40c each.

AMERICAN BEAUTY (Double Flowers) (Red). Price: 50c each.

All climbers heavy 2 year plants. *Postpaid at prices shown.*

PERENNIALS

Price of perennials strong field grown plants (except where otherwise priced). Price: 25c each; 3 for 60c, *postpaid.*

ANEMONE (Windflower). They succeed best in light, rich, well-drained loam. Plant in early October, or as soon as the ground can be worked in the spring. If planted in the autumn they should be covered with leaves, straw or long manure on the approach of winter.

GAILLARDIA (Blanket Flower). Gaillardias are fine for bedding and borders, invaluable as a cut flower. Blooms all summer.

GYPSOPHILA (Liatris—Blazing Star or Gay-Feather). It blooms in midsummer and throws up long, narrow spikes of rich purple flowers, 4 feet high, which last a long time.

BLEEDING HEART OR SEAL FLOWER (Spectabilis). Its long racemes of graceful heart-shaped pink flowers are always attractive. Is perfectly at home in any part of the hardy border and especially valuable for planting in the shade. Price: 50c each.

CAMPANULA (Bell-flower). A large, beautiful and most important family for the flower garden. The dwarf species are charming for rock gardens, being not difficult to cultivate.

CHINESE LANTERN PLANT (Physalis). Produces freely its bright orange-scarlet lantern-like fruits, which can be cut and dried, in which shape they are used extensively for floral decoration during winter.

AQUILEGIA (Columbine). The Columbine is one of the most beautiful hardy perennials, producing graceful spurred flowers on 2-foot stems. They are one of the most important of our early hardy flowers and should be grown in quantity, being easy to establish and thriving in almost any situation.

COREOPSIS (Tickseed). One of the most popular hardy plants. The flowers are a rich golden yellow of a beautiful graceful form.

DELPHINIUM (Perennial Larkspur). There are many species in cultivation, but the most important are the tall hybrids, of which there are many varieties with a wonderful range of color.

FOXGLOVE (Digitalis).

GIANT SHIRLEY HYBRIDS. The flower heads are over 2 feet long, crowded with big, bell-shaped blossoms. Color range from white and shell-pink to deepest rose, many attractively dotted crimson or chocolate.

GYPSOPHILIA (Baby's Breath). Fine for cutting and drying for winter bouquets.

PERENNIALS—(Continued)

PANICULATA (Baby's Breath). July-Aug. White.

HEUCHERA SANGUINEA. (Coral Bells). Much prized for dainty blossoms and long blooming habit. Coral pink flowers.

LYCHNIS—CAMPION OR CATCHFLY (Alpina). Dwarf, rose-pink. A charming little plant for the rock garden about 4 inches high.

PYRETHRUM (Painted Daisy). These are of great value for cut flower purposes, lasting in water longer than any flower we know, are perfectly hardy, delighting in a cool moist soil.

RED HOT POKER (Tritoma). The old-fashioned, late flowering favorite, with flowers rich red changing to salmon-pink. Needs slight protection.

SCABIOSA (Blue Bonnet). Their lovely flowers are a soft and charming shade of lavender; commences to bloom in June, throwing stems 18 to 24 inches high until September.

DAISY (Shasta) (Alaska). 2 feet. Wonderful show of large white flowers. Fine for cutting. Blooms all summer.

VERONICA (Speedwell). Among the prettiest of herbaceous plants, bearing in most cases blue flowers, which are much needed. All summer.

VIOLA CORNUTA—TUFTED PANSIES. This is the best edging plant for the hardy border or garden. When properly cared for, these plants remain in full bloom from May until October.

PHYSOSTEGIA (False Dragon Head) (Grandiflora "Vivid"). One of the best of the late-blooming perennials. Vivid pink. 20 inches. Aug.-Sept. This is a plant that you must have surely. Do not overlook it. We think it is the best of all late bloomers.

PRIMULA (Primroses). The lovely pastel colors range from cream to many shades of yellow, orange, purple, lilac, pink and crimson. They are very hardy and prefer a half-shaded position that is fairly moist.

VULGARIS. The true old English Primrose with pale yellow flowers.

BELLIS (Eng. Daisy). Double-flowered Daisies. They are favorites for edgings and extensively used. They are most attractive plants for spring bloom and not difficult to grow.

CHRYSANTHEMUMS (Hardy Garden)

Price: 25c each; 3 for 60c postpaid.

Fall flowering perennials, form attractive clumps of foliage and flowers when other outdoor flowers are gone.

AUTUMN GLOW. Rosy crimson.

BRONZE BUTTON (B. Bronze). Very hardy. Late.

BUTTON YELLOW. True button type; strong copper yellow.

GLORY OF SEVEN OAKS (L.). Deep golden yellow. Very early.

INDIAN. Shaggy coppery red flowers. Late.

JEAN CUMMING. Large, pure white flowers. Medium height. September.

MARIE ANTOINETTE. Deep pink. A sure-blooming sort. Late.

MRS. PHILIP PAGE. Double, fine red. Bronze. 3 feet. August. Very free flowering. Needs protection.

CHRYSANTHEMUMS—(Continued)

- NORMANDIE. Large aster-like flowers of creamy white. One of the best early sorts.
- OCTOBER DAWN. Lovely daybreak-pink. Flowers of excellent size.
- RUTH HATTON. Clear ivory-white when fully opened; when partially opened, a delicate shade of lemon-yellow.
- R. MARION HATTON. Pompon type. Bright yellow. Very early, beginning in late September and continuing for several weeks.
- SUMMER GOLD (S.). Large; beautiful golden yellow.

PERENNIAL PHLOX

Price: *25c each; 3 for 60c postpaid.*

This perennial plant is one of the oldest types in gardens. It is now close to first place in popularity for long period, mass flowering, easy culture, and extreme hardiness. Admirably suited to rockeries and background work. Blooming period July to October.

We offer here a limited list of good varieties but can supply others if needed.

- CAROLINE VANDENBURG. New. Striking parma violet blue large individual flowers with enormous trusses. Nearest to blue in phloxes. Very free flowering.
- COMMANDER. Deep crimson red, darker eye.
- DAYBREAK. Beautiful delicate pink.
- DEBS. Bright fiery crimson. There is no other phlox like it.
- E. L. FARRINGTON. Good, soft salmon-pink, with lighter eye.
- ENCHANTRESS. Bright salmon-pink with darker eye.
- F. G. VON LASSBURG. White large trusses, good foliage; a fine garden variety. Our choice for white.
- MME. PROSPER-LANGIER. Fine dark red.

PAEONIES

Price: *Each 50c; 10 for \$4.00.*

- DUC DE WELLINGTON. Sulphur-white.
- EDULIS SUPERBA. Soft pink. Early.
- FELIX CROUSSE. Brilliant, flaming red.
- FESTIVA MAXIMA. The ideal white.
- KARL ROSENFELD. Dark crimson. A very striking variety. Midseason.
- UNNAMED. Pink, red, white. Price: *Each 30c; 10 for \$2.50.*

GLADIOLI

- A SUPERB MIXTURE. No common varieties. All selected from big, strong growers of the best known old varieties, including some of the new ones. Price: *Large flowering size bulbs, Doz. 30c; \$2.50 for 100, postpaid.*

GREEN'S FRUIT TREES

Fruit trees are scarce this season but much in demand. We have a reasonably fair number of good trees of the tested hardy varieties but it is anticipated that the number will be quickly reduced and to avoid disappointment orders should be sent in earlier than usual and a second choice named if possible. (We do not substitute unless authorized.)

Our list is not as large as usual but if there should be other varieties wanted please send list as we have others in limited numbers and further could probably secure from a reliable grower those you may need and at a price no higher than the prices shown here.

STANDARD APPLES

CORTLAND. Red, winter.
DELICIOUS. Red, winter.
GRAVENSTEIN. Red, streaked.
Fall.
McINTOSH Red. Red, early winter.
NORTHERN SPY. Red, winter.
RED ASTRACHAN. Red, summer.
R. I. GREENING. Yellowish green,
Fall.
ROME BEAUTY. Red.

YELLOW TRANSPARENT. Yellow, summer.

Price: *Large 6-foot trees, 2 year, 85c each, 10 for \$7.50.
Medium, 4 to 5 feet, 2 year, 75c each; 10 for \$6.00.
Smaller, 3 to 4 feet, 60c each; 10 for \$5.00.*

STANDARD PEARS

BARTLETT, the leading home and market variety.
CLAPP'S FAVORITE. Large home and market pear.
SECKEL. The delicious little pickler.

B. BOSCH. Large russet, high quality, winter.

Price: *Large, 5 to 6-foot trees, 2 year, 85c each; 10 for \$7.50. Medium, 4 to 5-foot trees, 75c each; 10 for \$6.00. Smaller, 3 to 4 feet, 60c each; 10 for \$5.00.*

CHERRIES

BLACK TARTARIAN. Black, early sweet.

GOVERNOR WOOD. Yellow, red cheek, sweet.

NAPOLÉON BIGARREAU. Large yellow, red cheek, oxheart, sweet.

Price: *No. 1, 1 year trees, 4 to 5 feet, 75c each; 10 for \$6.00.*

MONTMORENCY. The leading big sour cherry planted for home use and by the thousand for commercial orchards. No home garden or orchard is complete without one or more trees. Special price: *No. 1, large, 2 year, 5 to 6 feet, 75c each; 10 for \$6.50.*

PLUMS

BRADSHAW. Dark reddish purple. Early. The large home and market variety.

BURBANK. Dark red. Early. Large Japanese variety.

YELLOW EGG. Large, yellow. Late.

YORK STATE PRUNE. The large commercial variety.

Price: *Good trees, 4 to 5 feet, \$1.00 each; 10 for \$7.50.*

APRICOTS

Leading good varieties. Price: *No. 1, 1 year, 3 to 4 feet, 75c each; 10 for \$6.50.*

PEACHES (All Freestone)

CHAMPION. White flesh with red cheek.

EARLY CRAWFORD. Yellow. The old favorite.

ELBERTA. Yellow, early. The profitable commercial variety.

GOLDEN JUBILEE. Yellow.

GREENSBORO. White.

J. H. HALE. Yellow. The largest sized.

PEACHES (Continued)

ROCHESTER. Yellow, early. The best early yellow peach for home and market.

Price: No. 1, 4 to 5 feet, 75c each; 10 for \$6.00. Medium, 3 to 4 feet, 60c each; 10 for \$5.00. Small, 2½ to 3 feet, 35c each; 10 for \$3.00.

NUT TREES

BLACK WALNUT. Price: 5 to 6-foot trees, 60c each; 10 for \$5.00. 6 to 8-foot trees, 75c each; 10 for \$6.50.

BUTTERNUT. Price: 4 to 5-foot trees, 50c each; 10 for \$4.50. 5 to 6-foot trees, 65c; 10 for \$6.00.

JAPANESE WALNUT. Price: 3 to 4-foot trees, 75c each; 10 for \$7.00.

ENGLISH WALNUT. Price: 3 to 4-foot trees, \$1.25 each.

GOOD NEWS (For Small Planters)

FRUIT TREES AND PLANTS BY PARCEL POST

Owing to the scarcity of large sized Fruit trees, and, added to this, the fact that large trees cannot well be sent by parcel post except they be pruned so severely that buyers are often more or less disappointed in that they show less height and branches than expected, we have decided to make a specialty of *Prime Small Sized Fruit Trees* to be sent direct to those who order by Parcel Post all charges paid by us.

Here is the list of offers:

APPLE TREES (Standards). 1st class of their size in body and roots. 2 to 3 feet or more in height. Varieties: Baldwin, Cortland, Delicious, Jonathan, McIntosh, N. Spy, Rome Beauty, R. I. Greening, Wealthy, Yellow Transparent. Price: each 40c; 5 for \$1.75; 10 for \$3.25 postpaid.

PEAR TREES (Standards). 1st class of their size in body and roots. 3 feet or more in height. Varieties: Bartlett, Clapp's Favorite, Seckel, B. Bosc. Price: each 40c; 5 for \$1.75; 10 for \$3.25 postpaid.

CHERRY TREES. 1st class of their size in body and roots, 2 to 3 feet or more in height. Varieties: Black Tartarian, Bing, Gov. Wood, Napoleon, Schmidt's Big, Windsor, all sweets and Montmorency Sour. Price: each 40c; 5 for \$1.75; 10 for \$3.25 postpaid.

PLUM TREES. 1st class of their size in body and roots, 2 to 3 feet or more in height. Varieties: Burbank, Bradshaw. Price: each 40c postpaid.

PEACH TREES. 1st class of their size in body and roots, 2 to 3 feet or more in height. Varieties: Early Crawford, Elberta, Greensboro, Hale, Golden Jubilee, Rochester. Price: each 30c; 5 for \$1.25; 10 for \$2.25 postpaid.

We offer a limited assortment of 4 year old ready to bear fruit trees at \$2.00 each. Send for list.

Yes! A pruner free. See page 26.

GOOD NEWS (Continued)

QUINCE TREES. 1st class of their size in body and roots, 2 to 3 feet, 1-year. Variety: Orange. Price: each 50c postpaid.

In addition to listed fruit trees, we can send all varieties of strawberries, currants, gooseberries, raspberries, blackberries, garden roots, grape vines, bulbs, roses and perennials as listed in their respective pages, and at prices quoted, and all plants are guaranteed to be of the age and grade as shown on those pages. Our *flowering shrubs* are mainly heavy ready to bloom specimens and cannot well be sent by parcel post but if must be received by parcel post, please ask for prices. Or we will quote prices on a smaller grade of such as we have if you send list of wants.

And 40 others. Only one volume of each. Ask for full list with prices if interested.

Dear Sirs:

Gooseberries received and they are fine. Have received this spring several shipments from several Nurseries as a try out, and yours are the finest by far of any plants received from all others.

Very truly yours,

(Signed) James M. Sebring,
N. Y.

TESTIMONIALS

(Unsolicited)

E. H. Burson Nurseries,
Rochester, N. Y.

Dear Sirs:

I ordered of you this last spring a quantity of Columbian Raspberry, 2 year transplants, also Washington Asparagus roots. The order was filled very promptly. Never have I seen such lusty plants as were the 2 year old ones you sent. Only one failed to start—a particularly vigorous and lusty lot of plants. I expect to order of you by early spring more of these Columbian Raspberry roots. The roots of those you sent were not only fine but the count was generous. The Asparagus roots were extra large and fine and they did splendidly.

(Signed) Herbert W. Mitchell,
_____, Mass.

From time to time during the past years I have received trees and plants, bulbs, etc., from the E. H. BURSON NURSERY and have always been well pleased, and so satisfied that I placed several orders with Mr. Burson the past fall for my extensive grounds.

Harriet B. Dow.
(Mrs. F. F. D.)

During the past four or five years I have secured trees and plants for my own and my friends' planting, and can frankly say that no Nursery firm has served me so well and so faithfully as the E. H. BURSON NURSERY, Successor to Green's Nursery Company.

William D. Anchor,
LeRoy, N. Y.

E. H. Burson Nurseries,
Rochester, N. Y.

Gentlemen:

Sometime ago I ordered some trees, berry bushes, etc., from you. Everything has proven perfectly satisfactory except the bradshaw Plum tree, which to date has shown no signs of life. (We wrote this lady that we would gladly replace this tree.)

The other trees are lovely, in fact the best we have ever bought from any nursery.

Yours truly

(Signed) Ruth Gwyn,
_____, N. Y.

THE LEVIN PRUNER

Everyone needs a Pruner. This is one of the easiest cutting and a few years ago we sold several hundred. Realizing its value to our patrons, we offer it again at a lower price. Price \$1.15 postpaid. Offered Free (if called for) with any and all orders given at the 1935 catalog prices to the amount of \$6.00 (six) or more. If order is received by April 1st. Special collection prices must not be included in the \$6.00 and the free American Pillar Rose will not be sent in addition to the Pruner.

GREEN'S GRAFTING WAX

In convenient pound packages. Price, pound package, postpaid, \$1.00.

SULPHO-TOBACCO SOAP

Sulpho-Tobacco Soap makes a very efficient liquid spray for Aphis—the little green bug often found on rose bushes and other plants, and the Black Aphis on cherry and other fruit trees and plants.

One 8-ounce cake dissolved in four gallons of warm water, when cooled is ready to use for these very common and other sucking insects. Price, postpaid, 50c.

BLOOMAID

If you want your flowers to bloom earlier and longer, your shrubs and hedges to be greener, thriftier, we recommend that you use Bloomaid. Use it around shrubs, roses, perennials, etc., and to enrich the soil in window boxes and flower pots. Price, 40c per pound postpaid.

"DOGZOFF"

If dogs injure your evergreens "Dogzoff" is the spray you need. It is a most efficient animal repellent and one spraying will last from three to four weeks. Not poisonous to plants and will not injure animals. Not offensive to humans.

"Dogzoff" is applied with any small insect sprayer and one application usually does the work.

Price for season's supply 69c postpaid.

Mr. E. H. Burson.

Dear Sir: I am thanking you for the beautiful free Rose Bush you sent me last spring. It is in bloom now, and it has 300 buds and blossoms on it—it is the most beautiful I ever saw, and my neighbors are all talking about it. So thanks a thousand times.

Very truly yours,

(Signed) Mrs. Leon Sanford,
_____, N. Y.

OUR STOCK IS CERTIFIED

Certificate of Inspection issued by the Department of Agriculture and Markets of the State of New York will be sent with every shipment whether by Express, Freight or Parcel Post.

Should any stock sold by us prove untrue to name, upon proper proof we will replace the trees or refund the purchase price. And orders will be booked and shipped on this condition only.

GREEN'S NURSERY CO.,
Per E. H. Burson Nursery, Successor.

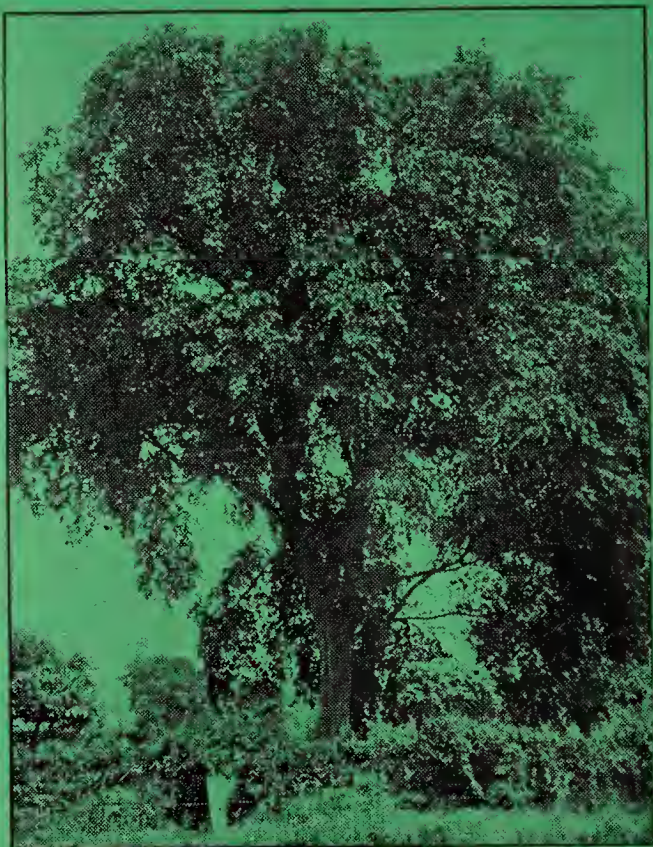

Mr. Burson, Sir:

The Rose bush I got last spring, Tauscendshon, had ten blossoms and has grown over six feet. Many thanks.

(Signed) Mrs. Rozellen Davis,
_____, N. Y.

We have for sale *eight* well-bound volumes of "Green's Fruit Grower," one each of the years: 1903, 1904, 1912, 1913, 1914, 1915, 1916, 1917. Weight 3 lbs. each, price \$1.00 each postpaid. First come, first served.

See Fruit Trees, etc., by Parcel Post, page 23.

THE AMERICAN ELM

Probably no trees are more favorably known or more generally admired than Elms.

AMERICAN—A noble native tree of great size and wide spread, with graceful drooping branches and handsome leaves. One of the best tree types for towering heady effect and widespread shade.

CHINESE ELM (HARDY) (*Ulmus pumila*). A new quick-growing tree of good size from Asia. Especially good for dry soils. Thrives anywhere. Is rapidly becoming popular over the entire country as a lawn and street tree.

MAPLE, SILVER—Sometimes called "Soft Maple." It is an exceptionally rapid grower, long-lived and perfectly hardy in all soils and under all conditions. Especially fine for planting on an avenue and for making a quick protective shade.

SPECIAL GIFT. Having an extra nice lot of above trees and of the roses, etc., we will include free with the first three fully paid orders received by us on the dates of March 1st, 2nd and 4th of orders amounting to \$10.00 or more either (2) Chinese Elm (2) American Elm and (2) Silver Maple, all No. 1 trees, 6 to 8 ft.—or 2 French Lilacs, 3 ft. (2) Tausendshon Roses, 2 yr. No. 1, and (3) Spirea Van Houttei, 2 to 3 ft.
